Julian Spallholz  
Nutrition, Hospitality and Retailing (NHR)  
Mail Stop: 1162

Regarding: 100159 Selenium Dietary Supplements in the Mitigation of Arsenicosis and Associated Skin Cancers

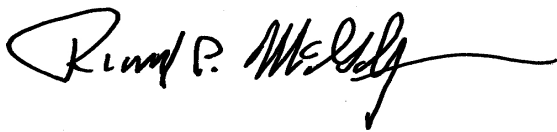

Dr. Julian Spallholz:

The Texas Tech University Protection of Human Subjects Committee has approved your proposal referenced above. The approval is effective from June 29, 2006 through May 31, 2007. This expiration date must appear on all of your consent documents.

You will be reminded of the pending expiration approximately eight weeks prior to May 31, 2007 and asked to give updated information about the project. If you request an extension, the proposal on file and the information you provide will be routed for continuing review.

Best of luck on your project.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard P. McGlynn", with a long horizontal flourish extending to the right.

Richard P. McGlynn, Chair  
Protection of Human Subjects Committee
